

Tuesday, April 7, 2009 will be a defining day for the Maple Dale-Indian Hill School District. Residents have the opportunity to vote on two referenda questions to address our most pressing needs: future operating funds and basic capital facilities issues. Each question must be voted on separately.

Question 1 - \$800,000 Annually for 10 years (Revenue Limit Question)

- Requests permission to exceed the state Revenue Limit for ten years, starting in the 2009-2010 school year and ending with the 2018-2019 school year.
- Funding to address projected annual operating budget deficit caused by a structural flaw in statewide school funding system, declining enrollment, and rising annual operating costs.
- Funding to slowly rebuild district fund balance to a level that provides ongoing financial stability.

Question 2 - \$4 Million for Immediate Facility Needs (Debt Question)

- Requests permission to borrow no more than \$4,000,000 and to make annual payments for 20 years.
- Funding to address immediate capital facility needs at both Maple Dale and Indian Hill schools, including roofs, boilers, plumbing, electrical upgrades, and technology infrastructure.
