

### Racine School Addition Feasibility Study

Jerstad-Agerholm Elementary & Middle School is a brick building located on Racine's north side. The program for this school includes a single story addition that will house two 30' x 30' classrooms. These classrooms will replace the 1800 s.f. trailer on the northeast side of the school.

Racine, WI 53402

The classroom addition to Jerstad-Agerholm Elementary & Middle School will be approximately 2100 s.f. The addition will be slab on grade and the exterior wall will be face brick with concrete block back-up to match the existing building. The costs for this addition including plumbing, HVAC, fire protection, and electrical will be approximately \$175 s.f. This puts the total building costs of the addition at \$367,500.
